MAIL TRAINS WILL STOP HERE

SUPERINTENDENT OF RAILWAY MAIL SERVICE NOTIFIES POSTMASTER JENKINS THAT EASTERN MAIL WILL BE BROUGHT TO RICHMOND DIRECT AFTER TUESDAY

WILL EXPEDITE DELIVERY OF LETTERS BY CARRIERS AND WILL BE BOON TO BUSINESS MEN OF CITY—POSTMASTER HAS BEEN URGING CHANGE FOR MONTHS

Commencing next Tuesday, September 23rd, train No. 9, carrying the eastern mail pouches for Richmond, will stop at Richmond and unload mail. This is in accordance with an order just issued by the superintendent of the railway mail service in San Francisco.

Postmaster Jenkins is elated over the victory. He has endeavored to give the people of this city a better mail service. He took the matter of having the eastern mail train stop at Richmond instead of going on through to Oakland, up with the postmaster general several months ago. He got but little satisfaction from the department outside of the formal acknowledgment to his numerous letters. But he kept hammering away until his efforts were crowned in victory.

It has been the custom of the railroad company to unload all Richmond mail at Port Costa which was later taken to its destination by another train, arriving here at 10:30, instead of 9:05, the time train No. 9 arrives in this city.

Here is the official notification received by Postmaster Jenkins this morning regarding the action of the postoffice department:

"San Francisco, Cal., September 18, 1913. Sir: Effective September 23, 1913, Ogden and San Francisco R. P. O. Train No. 9 will dispatch mails for Richmond post office and Point Richmond station (Southern Pacific) at the west end of station building, north side of track. Very respectfully,
"CHARLES RAGEN,
"Chief Clerk."

RICHMOND STUDENT WINNER OF DEBATE

Joe Lee, of this city, and at the present time attending Heald's Business college, in Oakland, won the debating championship of the school a few days ago, when he defeated Charles M. Crockett on the question, "Resolved; That the trusts are harmful to society."

Lee took the stand of the people versus the trusts and from the praises of his schoolmates must have studied over the question very carefully.

CIVIC CLUB WILL ERECT NEW HOME

Word has leaked out that the members of the Richmond civic club have completed all their plans for their new club house, which is to be erected on the club's lot on Nevin avenue.

From what could be learned of the new club house it is to be a two-story affair. The members of the club have been working on the plans for the new club house for the past year and have managed to keep the matter unexcited until this afternoon the word leaked out as to their plans. The members of the club will meet in the library on Monday afternoon, September 23rd, at which time the final arrangements for the club house will be made. Mrs. C. S. Gibson, when asked about the club's plans as to their club house, said that nothing definite had been done in regard to the matter.

FIRE LADDIES TO HOLD SMOKER

The members of Fire Co. No. 1 will entertain at a smoker to be given in the large banquet room of the fire hall this evening. The hall has been decorated for the affair, which promises to be one of the biggest events held for some time by the members of Co. No. 1.

Those on the committee for the affair are as follows: Fred Brewen, A. Strum and C. Hecker. A short program has been arranged for the early part of the evening, following which a banquet will be served by the committee in charge.

RICHMOND BANKER PURCHASES CONCORD FINANCIAL INSTITUTION

A financial deal of considerable interest in Contra Costa county is under negotiation and involves the ownership of the Bank of Concord, the controlling interest in which is held at this time by R. M. Burgess, who purchased the interest of M. E. Lyons some time ago. If Dame Ramor be correct, W. K. Cole, one of the foremost bankers of the state, is the leader in the movement to acquire the control of Concord's pioneer financial institution and it is known that he has unlimited capital behind him for the successful carrying out of the deal.

If Cole, who is a director in a score of banks in the bay cities, secures control of the Bank of Concord there will be an interesting situation prevailing in that town. Cole is one of the leading directors in the San Ramon Valley Bank, of Walnut Creek, which has a branch in Concord, in addition to the Danville branch. In Concord Guy E. Green,

former assistant cashier of the Bank of Concord, is the cashier with J. H. Coulter as his assistant. Should the reported deal be negotiated successfully there will be two banks in Concord in which Cole is heavily interested, and it is the belief of some that the San Ramon Valley branch will be merged with the Bank of Concord.

Cole is a director of the First National Bank of Martinez, the San Ramon Valley Bank of Walnut Creek, the Commercial Bank of Vallejo, the Bank of Richmond, the Berkeley National Bank, the Bank of Pinole, with a branch in Crockett, and is reported to be contemplating the establishment of a national bank in Benicia.

Later reports state the sale of the Bank of Concord's controlling interest, now held by R. M. Burgess, to W. K. Cole, which was rumored Thursday morning, was confirmed in the afternoon and the transfer, it is believed, will be made in a few days.

RICHMOND IN LINE FOR FESTIVAL D. A. KNOWLES WILL OUTLINE PLANS

(Special Dispatch to Record-Herald)
SAN FRANCISCO, Sept. 19.—Two more Central California communities have enlisted for the Portola parade, according to the official bulletin of the big festival of October 22nd to 25th. They are Alameda and Richmond.

According to the announcement made today at the Portola headquarters, in the Underwood building, reservation for ample space in the Alameda chamber of commerce and the Richmond industrial commission. The city government of Richmond is co-operating with the latter organization.

According to H. W. Wernse, secretary of the Richmond industrial commission, and D. A. Knowles, recently appointed by the Richmond council to outline plans for sharing in the floats, fifty decorated autos.

will be entered by the young industrial city on the east shore of the bay. The Richmond commission is to offer a prize for the best decorated machine.

Word of Alameda's plans has come from Miss J. Kilham, secretary of the chamber of commerce of that city. H. Rosenthal, president of the chamber, has appointed a special committee to prepare Alameda's Portola plans.

The Alameda display will be elaborate. Not only will a fleet be entered, typical of Alameda's attractions, but a mounted guard of twenty-five will also take part, and two bands and a drum corps as well.

These are the latest indications that the Portola festival has been given recognition as an exceptionally noteworthy opportunity for promotion.

PLUCKY COP STOPS FLIGHT OF MAD HORSE

It had not been for the timely arrival of Policeman Phil Barry, of the local department, this morning a runaway horse, which had become frightened at a passing automobile, might have injured a number of small children who were standing in the street a short distance away. The horse was left standing by his owner in front of the Richmond Dyeing and Cleaning works, at 222 Macdonald avenue, when a passing machine frightened the animal, and he began to run. Policeman Barry, who was passing at the time, rushed at the animal's throat and grasping the bridle, hung on until the infuriated beast had quelled down and could be tied up. As a result of the tussle with the horse, Barry's hands were badly lacerated.

MRS. WIGHT IS HOSTESS AT PARTY

A number of intimate friends were the guests of Mr. and Mrs. Walter Wight last evening at their home. The party, which was held at Helma and Miss Francis Linnel.

the new home of the Wights, 452 Tenth street.

The evening was spent playing whist, and prize winners being as follows: Ladies' first prize, Miss Alicia De Martini, and gentleman's first prize, T. Park Jacobs. Following the cards Mrs. Wight served dainty refreshments, being assisted in the serving by Miss Francis Linnel. Those present at the affair were Mr. and Mrs. T. P. Jacobs, Miss Alicia De Martini, Miss Laelle, Walter Laelle, Mr. and Mrs. Irwin, Mr. Fox, Miss Flynn, W. Warming party, which was held at Helma and Miss Francis Linnel.

CLASS INITIATION BY AMERICAN YOEMEN

The local lodge of American Yoemen held a class initiation in Pythian Castle last evening at which many visitors from Oakland, San Francisco, and other bay points were present.

After the initiatory ceremonies were concluded refreshments were served. Many brilliant speeches were made by enthusiastic members of the order.

The committee having the affair in charge deserve much credit for the able manner in which all arrangements were made.

BOY INJURED BY AUTO ON THE STREET

An automobile being driven by G. A. Ray, of Oakland, ran over little Charlie Sump, son of Mr. and Mrs. C. Sump, at the corner of Sixth street and Macdonald avenue, last evening. Charlie Sump, together with a number of other boys, were playing about the corner previous to the accident when Sump rushed out into the street directly in the path of the rapidly approaching machine.

The accident occurred directly in front of the Independent office, and before Ray could bring his car to a stop he had gone about thirty feet. Ray immediately jumped out of his car and, grabbing the limp form of the little fellow, rushed him to the offices of Dr. Blake.

Sump was somewhat stunned from the force of the blow he received, but up to the present time nothing serious as to his condition has been given out. Ray was driving a Ford touring car and had four other persons in the machine besides himself. Officer Jennings arrived on the scene immediately following the accident, and after taking the number of Ray's machine allowed him to return to Oakland.

From what could be learned from a number of people who witnessed the accident, Ray was proceeding along the avenue at a rapid rate of speed when he struck the lad.

G. Chandler, secretary of the municipal water board, of this city, made a record catch of bass last Sunday on the local waterfront.

TEACHERS ARE EXAMPLES TO PUPILS

LOS ANGELES EDUCATOR DE LIVERS INTERESTING ADDRESS AT LAST SESSION OF TEACHERS' INSTITUTE THIS MORNING—TEACHERS SHOULD LEAD PURE LIVES

SUPERINTENDENT OF SCHOOLS HANLON, OF MARTINEZ, SAYS INSTITUTE THE MOST SUCCESSFUL EVER HELD—ADJOURNMENT THIS AFTERNOON

This was the last day of the teachers' institute. County Superintendent of Schools Hanlon, of Martinez, under whose direction the annual gathering of school teachers of the county has just been held, says that the present session has been the most successful held in the county.

At 2 o'clock this afternoon the institute closed and the many teachers in attendance from different parts of the county will have left for their respective homes by tomorrow morning.

The principal address was delivered this morning to the assembled educators by Prof. Mark Keppel, superintendent of schools of Los Angeles. He spoke on the topic, "Heroes and Hero Worshipers." The main thought brought out by Professor Keppel in his talk was that the pupil naturally looked upon the teacher as a hero or heroine. Every act of the teacher is likely to be emulated by the pupil, and, as a consequence, the life of the teacher should be above reproach. The teacher should at all times, by her daily life, which should be pure and clean, endeavor to set the right kind of an example for her young charges.

Following is the program as carried out today:
9:30-10:30—"Heroes and Hero Worshipers," Mark Keppel, superintendent.

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

What Others Have To Say

HORACE GREELEY SAID:

"I should have been a farmer. All my ripper tastes incline to that blessed calling whereby the human family and its humbler auxiliaries are fed. Its quiet, its segregation from strife and brawls and heated rivalries, attract and delight me. I hate to earn my bread in any calling which complicates my prosperity in some sort with others' adversity—my success with others' defeat. The farmers' floor may groan with the weight of his crops, yet no one else deems himself the poorer therefor. He may grow a hundred bushels of corn or forty of wheat to every acreable acre without arousing jealousy or inciting to detraction. I am content with my lot, and grateful for the generosity wherewith my labors have been rewarded; and yet I say that, were I to begin my life anew, I would choose to earn my bread by cultivating the soil. Blessed is he whose day's exercise ends with the evening twilight, and who can sleep unbrokenly and without anxiety till dawn awakes him, with energies renewed and senses brightened, to fresh activity and that fullness of health and vigor which are vouchsafed to those only who spend most of their waking hours in the free, pure air and renovating sunshine of the open country."

PEOPLE BE DAMNED!

To the traveling public on the New-Haven road it will be gratifying news, no doubt, that six of the steel cars now being built for the road will be turned over to private clubs of wealthy commuters at rentals of \$4,000 a year above regular charges. They will thus find use only for about two hours a day, while on the through express trains, where the need is greatest, they could be spread over a vaster mileage of life-saving protection. Is this quite in line with the promises of the road's rehabilitation in the general public interest? From a road run by Wall street, is it to become merely a road run for millionaire car clubs?—New York World.

LAX TRAINING RESPONSIBLE

If a boy or girl is brought up without responsibilities or duties, and is permitted to think that "having a good time" is the great end of life, is it any wonder that there is failure in the face of temptation? In how many homes is lax training accessory to the downfall or failure of sons and daughters! And the irony of it is that so often the laxness is the reaction on the part of the parents against their own severe bringing up, when the severity was what equipped them to be successful men and women.—Kansas City Star

Thinkographic Philosophy

"Tears, idle tears, I know not
what they mean,"
Unless a tourist in the wilds
runs out of gasoline.

A Kansas exchange lets out the following drought wall: "Everything has gone to smash in the Solomon valley. Not a farmer in that classic region has raised more than fifty-one bushels of wheat to the acre this year. Farm after farm yielded only twenty-eight or thirty-five bushels to the acre. Some of the families are unable to go to town except in motor cars and hundreds have nothing to eat except chicken and beefsteak and pie and cake. It is doubtful whether more than nine-tenths of the homes will have children in college this fall."

Now that Diggs and Caminetti have both been sentenced to serve penitentiary terms and pay fines also, we see nothing in the way of the newspapers going ahead with the building of the fair and the boosting of California. Neither Harry Thaw nor Mrs. Pankhurst are coming this far west, and no campaign is on for a year yet. There is always something to be thankful for.

The suggestion of one Rev. O. R. Miller that the Jesuites procured the impeachment of William Sultzer (Presbyterian) in order to get Martin G. Glynn (Catholic) into the governorship of New York, is too silly for words. Sultzer and Tammany are two bad eggs and they got to fighting among themselves. New York would be better off without either.

Governor Ammons, of Colorado, says a man with overalls on will be just as welcome at the governors' banquet as one wearing a dress suit. Overalls implies having on two pairs of pants at the same time, which is too much at a banquet. One pair of pants is enough and less than that not enough. That governor is mixed in his etiquette.

Some of us can remember when we had to get out mighty early mornings when boys, and do a lot of chores and maybe churn a couple of hours before breakfast, but quite a sprinkling of young chaps have a valet bring their breakfast to them in bed at 10 a. m. nowadays. The world does move.

And now New York is to build a higher building than the Woolworth block. Gee, whiz! That Woolworth structure is over 900 feet high and when we were back there lately we nearly dislocated our spinal column trying to rubber up to the top of it.

When Balboa discovered the Pacific ocean, says the Durango, Colo., Democrat, there was neither a Chinaman, white-slaver or bull man in California, and now just look at how that state has filled up.

A few Americans called out of Mexico by President Wilson are protesting. So have always protested the people who crawl back up the slopes of Vesuvius even before the lava has cooled.

The fate of Diggs and Caminetti should be a warning to all other men that the correct thing to do is to be a gentleman to all women but a husband to only one—at a time.

Kansas was one of the few states that went bull moose at the last election, and now just see what happened to it—corn all burned up. This should be a lesson to us all.

When a foolish and rich young man is introduced to a pretty and fat-legged footlight favorite—ah, well, you can guess the rest.

Most of a married woman's tears, remarks a real smart exchange, are caused by a husband and onions.

The difference between a first class aesthetic and a first class fool is that it takes twice as many letters to spell the former.

Bryan asserts that a Progressive is a man who is ashamed to be a Republican and hasn't the courage to be a Democrat.

If you want to read a sensible and instructive book, go to the library and ask for the one called for the least.

Mrs. Marshall, wife of the vice-president, advises wives not to nag their husbands. Second the motion.

The Marin County Tocsin has discovered that slit skirts and cracked brains travel a good deal together.

Sultzer says the grafters are hounding him. He might have added, also, that they had him tired.

Tammany's slogan in the present campaign is "honesty and efficiency." That's a joke.

Governor Sultzer was just another oldtime pal that squealed.

YOU can tell the time under modern conditions. In olden times when the time of day was told by the sun dial, on cloudy days or at night they had to depend upon the turning of the hour glass. The privilege to own and use a watch is one of the advantages of living in the twentieth century; and you really could not be so old-fashioned as not to have one. We have watches of all kinds, from the thin new models in the regular size, to the dainty little things that can be worn in a bracelet, all perfect time keepers, and at prices which represent so much to careful buyers. DIRECTORS HOLD

**A REGULAR
 SESSION**

The directors of the municipal
 water district held their regular
 weekly meeting last evening in the
 city hall chambers. Engineer Tib-
 betts, of the engineering firm of
 Dozier, Haviland and Tibbetts, was
 present at the meeting with a map
 showing the various routes by which
 the water of the San Joaquin might
 be piped to this city.

Most of the evening was taken up
 by the members of the board in dis-
 cussing what the proper water rate
 should be when disposing of the
 water to the people of this city.
 Former Superintendent R. Woods, of
 the Peoples Water company, was
 present at the meeting and told of
 the rate charged by the water com-
 pany. City Attorney Hall said that
 he thought that the people of this
 city might be willing to pay a
 trifle more for their water in the
 future, knowing that it would be far
 superior to that which they are us-
 ing at the present time. As the full
 plans and details which are being
 prepared by Engineer Tibbetts will
 not be ready until Thursday evening,
 October 2nd, the board could do
 nothing further in the matter of
 coming to any definite cost as to the
 piping and pumping of the water
 from the river. On next Thursday
 evening the members of the water
 board will meet in the offices of City
 Attorney Hall, in the First National
 bank building, for their regular com-
 mittee meeting.

**SAGE TEA TURNS
 GRAY HAIR DARK**

It's Grandmother's recipe to bring
 color, lustre and thickness to hair
 when faded, streaked or gray

That beautiful, even shade of
 dark, glossy hair can only be had by
 brewing a mixture of Sage Tea and
 Sulphur. Your hair is your charm.
 It makes or mars the face. When it
 fades, turns gray, streaked and looks
 dry, wispy and scraggly, just an ap-
 plication or two of Sage and Sul-
 phur enhances its appearance a hun-
 dredfold.

Don't bother to prepare the tonic;
 you can get from any drug store a
 50-cent bottle of "Wyeth's Sage and
 Sulphur Hair Remedy," read to use.
 This can always be depended upon to
 bring back the natural color, thick-
 ness and lustre of your hair and re-
 move dandruff, stop scalp itching
 and falling hair.

Everybody uses "Wyeth's Sage and
 Sulphur" because it darkens so na-
 turally and evenly that nobody can
 tell it has been applied. You simply
 dampen a sponge or soft brush with
 it and draw this through the hair,
 taking one small strand at a time;
 by morning the gray hair has disap-
 peared, and after another application
 it becomes beautifully dark and ap-
 pears glossy, lustrous and abundant.

TYPHOID BANISHED FROM THE ARMY

Typhoid fever has been banished from the United States army. When our soldiers are needed, hereafter the American people can feel sure that, as far as this disease is concerned the full strength of each company and regiment will be on the firing line. In previous wars, from 10 to 20 per cent of the opposing forces have been in the hospitals, incapacitated through various diseases. During the Spanish-American war, out of 10,759 soldiers in camp at Jacksonville, Fla., there were 2,693 cases of typhoid. If this division had been in the midst of an active campaign its fighting strength would have been weakened about one-third, not only by the loss of these patients, but also by the loss of the men necessary to care for and transport them. Any means which will reduce or eliminate any of the diseases from which soldiers have suffered in the past will actually increase both the strength and the efficiency of the army. It will also greatly increase the chances of our volunteer soldiers returning safe from the war, as disease has, in every war in history so far, killed more soldiers than bullets. An official announcement of the elimination of typhoid from our army is an event in which every citizen should feel a keen interest. In a recent issue of The Journal of the American Medical Association, Major Frederick F. Russell, of the medical corps, summarizes the results secured through vaccination. In 1902, with an enlisted strength of 80,778 men and officers, there were in our regu-

lar army 5565 cases of typhoid. In 1909, out of 84,077 men, there were 282 cases. In March, 1909, vaccination was begun, but the number vaccinated that year (830) was too small to affect the ratio. In 1910 over sixteen thousand were vaccinated, and at once the number of typhoid cases began to diminish. In 1911 there were only 70 cases. In the same year vaccination for typhoid was made compulsory on all persons in the military service and on all recruits. In 1912, the first year in which the entire army was immunized, there were only 27 cases, the last one occurring December 19th, 1912. Since that date, now nine months ago, there has not been a single case of typhoid in the army.

Major Russell also reports that during the past four years over 200,000 persons have been vaccinated without a single death or injurious result. Such an experience on so large a scale certainly justifies his conclusion that by the general use of vaccination typhoid fever will soon become a negligible factor in our public health problems.

CAPWELL

Specialized Millinery

*Distinguished Models Unrivalled by
Any Showing in the Bay Region*

Not ordinary department store millinery, but Specialty Shop as exclusive as any on the Rue de la Paix—but how different in price!

Our buyer goes twice a year to Paris and New York—the source of millinery fashions—and carefully selects hats that are smartest in style and offer the best wearing resistance, at the price—whether it be \$5.00 or \$50.00.

You must see these hats to realize there is
such a fine collection of Millinery in Oakland

And we hope you will compare Capwell Millinery with other collections, for we are convinced that our modes are unparalleled and that our Paris models are the most modestly priced in the bay region. Seeing is believing.

We have a wonderful collection of moderately
priced hats that are easy to rave about—

So original, so different are they from the styles shown elsewhere.

Of course, the sooner you come, the better for your satisfaction, as the collection is now replete with all the new modes.

A cordial welcome and the Capwell courtesy await you whether you come to buy or merely to look.

She Said to Us:

*"I have been all over town
and can't find a suit to
please."*

But we had no trouble pleasing her. Indeed, she would have saved herself all worry and disappointment and hours of time had she come here first—for she bought delightedly and without hesitation the very first suit she was shown after making her style preference known.

It's not to be wondered at when the great diversity of our stock is considered—the wide price range—the endless style range and the superlative values we offer.

New drapery and cutaway coat styles, including the new peg top skirt or plain tailored. Rough wooly suitings, faille cloth, diagonals or brocades.

Rich plum, russet, wine, olive green or staple shades; in fact, all that is new and the same high quality Capwell's demand in suits at prices ranging from \$20 to \$125.

Fashionable Brocade and Plain Combinations in Fine Dress Goods

Our Dress Goods Section offers a wonderful variety of all that is new for the season. Prominent among the showing are

**BROCADED CHARMEUSE, POPLINE,
BEDFORD CORDS, RATINES AND
OTHER FANCY WEAVES**

and with them may be had, if desired, plain materials to match. These come in all the new fall colorings.

BROCADES—\$1.75 to \$3.00 Yard

PLAIN MATERIALS—\$1.50 and \$2.00 Yard

MATELASSE COATINGS—In brocades and zibeline effects. Very rich and handsome. Width 50 inches. Prices, yard—\$4.50 and \$5.00.

SILK MATELASSE—A new shipment in all the rich fall color combinations and changeable effects. Prices, yd.—\$2.50 to \$4.00.

Girls have no objection to men who blow their own (auto) horns.

Well, anyhow, at least woman is clothed with the ballot.

CALVARY CHURCH HAS A NEW MINISTER

Calvary Baptist church has a new minister. He arrived in Richmond last Wednesday, and will assume charge of the pastorate immediately. The new acquisition to the ranks of the Protestant ministers in Richmond is Rev. W. S. Stewart, and he has had charge of a Baptist pastorate in Biggs for the past few years. Mr. Stewart dropped into the Record-Herald office this morning and stated that he wanted to get acquainted with the newspapermen of Richmond the first thing, as he believed that their mission was as important as that of the preacher of the gospel. Mr. Stewart is a man of family, and will make an effort to build up the church in Richmond. He will preach his first sermon next Sunday morning at the Calvary Baptist church, on Tenth street, between Nevin and Barrett avenues.

City Engineer H. D. Chapman and City Attorney D. J. Hall made a trip of inspection to the city clerk's office in Oakland yesterday afternoon, for the purpose of seeing how the Oakland office kept records of street proceedings. It was found that the record was almost identical to that used in this city.

DOUBLY PROVEN

Richmond Readers Can No Longer Doubt the Evidence
This Richmond citizen testified long ago.

Told of quick relief—of undoubted benefit.
The facts are now confirmed. Such testimony is complete—the evidence conclusive.
It forms convincing proof of merit. Mrs. James Wright, 1119 Roosevelt avenue, Richmond, Cal., says: "I was troubled all the time with weakness and pains in the hips and loins. I was almost laid up. I got up in the morning feeling so tired, lame and worn out, that it was all I could do to start my housework. My kidneys were weak and if I caught cold, it always made me feel worse. I tried everything I heard of, but didn't seem able to get relief until I began taking Doan's Kidney Pills. I soon felt like a different woman. After I had used four boxes, all the ailments had gone and my health was fine."

On April 21, 1913, Mrs. Wright was interviewed and said: "I haven't had a sign of kidney complaint since Doan's Kidney Pills cured me some years ago. You may continue using the endorsement I have given them before."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's and take no other.—Adv.

ELKS WILL HOLD RED MEN HAVE A BIG JINX TONIGHT "HEAP BIG TIME"

The Richmond lodge of B. P. O. E. will hold their big jinx on the second floor of their new building this evening. A short program has been prepared for the early part of the evening, at the close of which a sumptuous banquet will be served by the committee in charge of the affair.

Dr. Rowell, exalted ruler of Berkeley lodge, will make a short talk during the evening on how the ball was started rolling to give the Richmond Bills a home that would be an honor to this city and to the lodge. Dr. C. L. Abbott, former exalted ruler of Richmond lodge, under whose guidance the building was begun, will deliver the opening address.

Following the speakers the Berkeley glee club will render a number of selections.

HERMAN SONS ELECT OFFICERS

The Richmond lodge of the Herman Sons held their annual election of officers last evening in Bank hall. Following the election of officers for the coming year a banquet was served by the committee in charge of the affair.

The officers for the coming year are as follows: President, E. Pieper; H. Reimer, vice-president; E. Forwick, recording secretary; H. Einhart, financial secretary, and C. B. Burley, treasurer. Following the election of officers, plans were completed for the annual smoker, which is to take place on the evening of October 29th, at which time the Herman Sons of this city will have one of the biggest times that has been held in this city since the lodge was organized.

Over thirty members of Onetah tribe of the Improved Order of Redmen, of this city, left last evening in a body for Oakland, where they went as guests of Unca and Minne-cojah tribe, at the annual Rube Festival, given by their Oakland brothers.

The members from Richmond lodge who made the trip were dressed in typical rube costumes and carried a small broom instead of their regular scalp knife. The Richmond lodge is planning to receive their Oakland brothers in a few weeks at a big gathering and banquet to be held by them in Pythian hall.

11 YEARS AGO TODAY

Taken from the files of the Richmond Daily Record, under date of September 19th, 1902:

Miss Lucetta Woods, Richmond's efficient postmistress, is spending the day with her parents at the farm, and her sister, Miss Emily Boorman, is presiding at the delivery window in her stead.

Col. R. B. Thornton, the veteran republican warhorse, was among the contingent that went up to Concord today to participate in the great battle.

Manager H. B. Kinney, of the Richmond Light and Water company, was a member of the delegation that went up to Concord today to have a hand in the convention.

Constable John Bouquet was over from San Pablo last night repairing his political fences that had become somewhat demoralized as a result of the late republican primary election.

ARNOLD MAY OPPOSE SHERIFF VALE IN NEXT ELECTION

It has been rumored about town for the past few months that Chief of Police Arnold has his mind set on the sheriff's job for this county, and that he was coming out at the next election to oppose Sheriff Vale, who is the incumbent in office at the present time.

Chief of Police Arnold, when interviewed this afternoon by a representative of this paper, had the following to say in regard to the matter: "As far as I know there is nothing in the rumor, and as it is still very early in the game I do not care to make any definite statement."

Word has been received in this city that Miss Laura Parker, formerly of this city, and now residing in Sonoma county, was operated on a few days ago for appendicitis, and is not expected to live. Miss Parker while in this city was in the employ of the Record-Herald.

BUILDING LARGEST FERRY IN THE WORLD

What will be the largest ferry boat in the world is now in progress of construction in the Southern Pacific company's shipyard in Oakland. The boat, to be named the Contra Costa, is to carry main line trains across Carquinez straits, between Port Costa and Benicia. Her cost will be about \$450,000.

There will be four tracks 420 feet long, running the length of the vessel, which will have a capacity of thirty-six freight cars and two engines, or twenty-four passenger cars and two engines.

General dimensions are: 433 feet, 4 inches, length over guards; 420 feet, length over transom; 66 feet, 6 inches, beam molded; 19 feet, 9 inches, depth amidships.

A safety feature consists of fourteen bulkheads.

Two million board feet of lumber will be used in the construction, 90 tons of spikes, 76 tons of round iron and 16,000 treenails.

F. A. Finger, manager of the Richmond Electrical company, made quite a lengthy talk before the city council of Albany, where he resides, as to the muzzling of dogs. Finger is stoutly opposed to the muzzling of the canines.

A marriage license was issued in Oakland yesterday afternoon to Bert F. Heath and Miss Rose Hein, both of this city.
